Master Bedroom + En Suite

We have made every effort to give the apartment a homely feel with two luxury sofas, a 32" flat screen TV and DVD player. Our apartment has been elegantly furnished and has 2 bedrooms, the spacious master being en-suite with a further bathroom for bedroom two. Both bedrooms have extensive storage space. The kitchen is fully equipped, including a fridge/freezer and microwave. There is a large sunny terrace the full width of the apartment looking out towards the sea and Famagusta town. For your comfort whatever the weather the apartment has both central heating and air conditioning. The property has wheelchair access, with undercover parking conveniently close by, accessed via a covered route leading to the apartment. The apartment is situated in a central position, being just a few minutes drive from the town centre, numerous beaches or shopping facilities. There is a communal swimming pool in the grounds of the two apartment blocks, just right for that cooling dip in the evening or that wake up in the morning.

Beautiful beaches with the opportunity to enjoy watersports are only 10 minutes away. Paralimni is the largest nearby town, which is very much up and coming with a beautifully restored town square, lively café bars and good shopping. There is easy access to Protaras, Pernia and Ayia Napa. Although Paralimni has supermarkets a car is really essential to maximise your enjoyment. Cape Grecko, with its secluded beaches, is on route to Ayia Napa. Ayia Napa, with its famous Nissi Beach, is 15 minutes away (via the A3 motorway). Protaras is 10 minutes away along the coast road with its Fig Tree Bay and Protaras Strip. Kapparis is a quiet resort but surprisingly has all the facilities you would expect to find in a much larger town. Larnaca airport is 50 minutes away.

Weekly rentals range from £180 to £350 per week – we are open to offers!
