

United Golf, La Tercia, Spain

Golf Club House & Aqua Driving Range

View from our terrace of nearest pool

Onsite Championship Bowling Green

We have made every effort to give our apartment a homely feel, with 32" flat screen TV and DVD player. Our apartment has quality furnishings and 2 bedrooms. The spacious master bedroom has an en-suite, with a further bathroom for the second bedroom. It has a large sunny terrace with pool view and chairs looking out at the beautiful mountains of La Tercia. The apartment has both central heating and air conditioning. It is possible to sleep 6 people as there is a comfortable sofa bed in the lounge area. The property has a fully fitted kitchen with granite work tops together with all the necessary equipment. The property has wheelchair access and there are parking spaces adjacent. There is a video security intercom and alarm system connected to the main alarm centre. Safety is also regarded as being of the utmost importance with video monitoring on the entrance to the property.

Outside there are a number of shared unheated swimming pools spread throughout the complex, as well as gardens, tennis courts, children's pool, playgrounds and trampoline. The apartment overlooks a 9 hole golf course which is due to be extended to 18 holes during 2010. There are in the region of 10 other championship standard golf courses within a 10km radius. There is a championship standard bowling green and other sports facilities such as 6-a-side football.

The onsite shopping facilities and bars are being installed in the superbly designed mall. The village of La Tercia is just a mile away and the town of Roldan is close by. The nearest city, Murcia is just 15 km away where there is bustling night life and extensive shopping opportunities. The closest beach is San Pedro/Los Alcazares which is 10 km away.

Although there is almost no need to leave the United Golf complex, as so much is available close at hand, a car does provide the ability to make short trips out to enjoy the surrounding countryside. In addition your own vehicle obviously provides you with the convenience of travelling to and from Alicante or Murcia airports.

Our rental charges range between £185 and £270 per week - we are open to offers!
